## PERSONAL PROFILE

I am at the beginning of a career, dedicated to both my professional and academic growth. Highly organized, energetic, and eager to learn, I am committed to gaining experience and building knowledge. With a quick learning ability and strong team collaboration skills, I am a dynamic person who is always looking for opportunities to learn more and deliver results. I see the software development area as a great environment to explore the best of me because it offers a lot of challenges, learning opportunities, and the potential for constant personal and professional growth.

## KEY TECHNICAL SKILLS

- JavaScript & DOM Manipulation
- TypeScript
- HTML
- CSS
- React
- Tailwind
- Node.js
- Backend architecture
- Relational database design
- Knex & migrations
- Git & GitHub
- Project deployment

## WORK EXPERIENCE

### Science Tutor (monitoring) - Instituto Federal Farroupilha

February 2021 – December 2021

During high school, I was invited by the teaching team to manage a group of students looking for tutoring in science. My role was planning lessons, developing activities, and supporting their learning through weekly meetings.

Responsibilities:

- Planned study content
- Developed lessons and activities

- Created presentations using the Microsoft Office Suite
- Provided student support during meetings
- Applied tests to assess student progress
- Reported student progress to teachers

### **IT Technician - Click Soluções e Informática**

February 2021 – April 2021

I had the opportunity to work at the company during the internship period of my IT Technician course, it was a learning period where my main role was to provide technical support for hardware and software.

Responsibilities:

- LAN-WAN network configuration
- Computer maintenance
- Microsoft Office suite installation
- Preventive maintenance of computers
- Corrective maintenance of computers

### **Assistant - Hey Peppers School**

March 2022 – August 2022

Acting as an assistant at the language school, I had the opportunity to contribute in several areas, helping in the communication, administrative, financial, marketing and sales sectors.

### **FOH - Onslow & Kitchen Hand/Barista - Espresso Workshop Britomart (EWB)**

April 2023 – February 2024

Started as a runner at Onslow restaurant, delivering meals promptly and accurately while maintaining a clean and organised work area and a welcoming atmosphere for diners. Later, I worked at EWB, where I contributed to food preparation, assembling dishes, taking orders, and performing barista tasks. I adapted quickly to high-pressure situations during peak hours, ensuring efficient service and a positive customer experience.

## **EDUCATION**

### **IT Technician**

Instituto Federal Farroupilha - Brazil

February 2017 – July 2021

### **English Language**

NZLC - New Zealand Language Centres - Auckland, New Zealand

November 2022 – May 2023

## **Full Stack Developer certification**

RocketSeat

March 2024 – December 2024

Completed a Full Stack Development certification with a focus on both frontend and backend technologies. Gained proficiency in HTML, CSS, JavaScript, React, and Node.js. Developed strong skills in building responsive web designs, dynamic user interfaces, and handling API integrations. Gained hands-on experience in relational database design using Knex and migrations. Focused on version control with Git & GitHub, and deployed projects with Render and Netlify. This course provided a comprehensive understanding of web application architecture, from frontend design to backend server management, strengthening my problem-solving and development skills.
